Community Safety Tip

from the Yarramalong Rural Fire Brigade

If you decide to evacuate from your property early, it's important that you do so well in advance of any approaching bushfire to avoid becoming caught in the fire in your vehicle. If you do get caught in your vehicle stay calm, call 000, and pull off the road into a suitably cleared area facing your vehicle toward the approaching fire. Turn your head and hazard lights on, and turn your vehicle's engine, air conditioning and air vents off. Remain inside your vehicle until the fire front has passed, staying below window level under woollen blankets on the floor whilst drinking plenty of water and covering your mouth with a moist cloth. After the fire front has passed, exit your vehicle to an area of burnt land, stay covered in your blankets, drink plenty of water and await assistance. Remember, in the event of a fire, always call 000 immediately.
