### Community Safety Tip

*From the Yarramalong Rural Fire Brigade*

The onset of Spring is an important time of year to begin to prepare your property and family for bushfires. Bushfire hazards around your home can easily be reduced through a number of simple regular measures such as cleaning gutters, removing leaves and dry grass from around and under your home, and pruning and trimming near by vegetation. It is also important to consider ember proofing your home by fixing broken windows, filling gaps in walls, repairing openings in roof cladding and installing wire ember screens around and under your home. In the event of fire call "000" immediately.

### Sculpture Workshops

Last year some of us had our first experience of Paverpol Sculpture. In a one day workshop we made a sitting lady sculpture which can be placed inside or outside without being affected by the weather. Several people missed this experience and others want to go further with this technique. In late November or early December, on a weekend, Denise Keeley will come down again and do another workshop or two on this amazingly easy form of sculpture. The cost is being subsidised by KCAEP through a grant from Cessnock City Council. Anyone over 15 is welcome, the venue will be Kulnura Hall. You can see some more of these sculptures at the Country Fair. Please phone if you are interested. Sue Douglas 43761350
